

## I Saw You (In A Corridor)

Wolf Alice

If I get there before you  
I will wait at the gate  
I should tell you I adore you  
You walk by, I walk in late

I saw you when I knew  
I wanted nothing more and nothing different  
Nothing more and nothing different

If you get there before me  
Call me up, we'll meet in five  
I wish you, you would want me  
Wasting times not wasting time

I saw you when I knew  
I wanted nothing more and nothing different  
Nothing more and nothing different

I saw you
