

# Midnight Song

Wolf Alice

If you don't want the death of the party  
Hold the baton, perform the fee  
I host what I know is a most wholesome home  
But it's not forgotten, the girl in me

Go on, go on, go on, play for me  
Paint this dull room in fields of green  
Go on, go on, go on, count to three  
I find the midnight song in me

If you don't want the death of the party  
After I'm gone, sing one for me

Go on, go on, go on, play for me  
Keep to the beat of the horses racing on TV  
Go on, go on, go on, count to three  
I find the midnight song in me

Go on, go on, go on  
Play for me
