

## Space & Time

Wolf Alice

I hope my body gets better  
Do I mean my body or my mind?  
I hate the word "forever"  
I hate the word "change"

I just need time  
Give me time  
Space and time  
Take me out to the future  
Just so I can look back into the past

I hope my body gets better  
Do I mean my body or my mind?  
I hate the word "forever"  
I hate the word "change"

I just need time  
Give me time  
Space and time  
Oh God I was strange now weren't I?  
I hope that when I look back I will laugh

I feel I'm losing control of my body  
Control of my moods and my decisions and my money  
I don't want to come undone  
I am set to self-destruct

I hope my body gets better  
Do I mean my body or my mind?  
I hate the word "forever"  
I hate the word "change"

I just need time  
Give me time  
Space and time
