### Wolf & Bear

It's Wolf & Bear time, baby!

Nothing's sacred  
So frustrated  
You want it so bad  
Thirty silver, that you couldn't pass  
You're falling so fast  
Predictable

I told you  
Please don't call me right now, baby  
Whatever you want, I know this ain't you lately  
Nothing to show, so let's not pretend  
Caught in a storm alone  
Knocking when no one's home

I think I fell short  
From where I'm gonna land  
Feels like I'm descending faster  
Won't slow down until disaster

Waves on the ocean  
Fucked up and caused a commotion  
Nothing has gone as planned  
Forfeit and ran

I told you  
Please don't call me right now, baby  
Whatever you want, I know this ain't you lately  
Nothing to show, so let's not pretend  
Caught in a storm alone  
Knocking when no one's home

What if  
What if I told you that this chapters shut?  
What are you thinking lately?  
Don't lie, I know you hate me  
Cutting through, not strong enough, yeah

Tread softly, been waiting  
Running circles around the sun  
What am I thinking lately?  
Don't lie, I know you hate me  
Can't breathe, I'm suffocating  
Please don't let me down  
Please don't let me down

Oh god, giving up then fuck your world view  
Oh god, why try when you don't have to?  
Giving up then fuck your world view  
Cut in half and now you have two  
Can't wash away, cant undue  
Why try when you don't have to?

Nothing's sacred  
So frustrated  
You want it so bad

Thirty silver, that you couldn't pass  
You're falling so fast  
Predictable

I told you  
Please don't call me right now, baby  
Whatever you want, I know this ain't you lately  
Nothing to show, so let's not pretend  
Caught in a storm alone  
Knocking when no one's home

When I told you  
Please don't call me right now, baby  
Whatever you want, I know this ain't you lately  
Nothing to show, so let's not pretend  
Caught in a storm alone  
Knocking when no one's home
