

# POOFY

Wolf & Bear

Some things never change  
Like time on a clock  
Just ticking away  
Nothing to say  
But I know you're okay

Yeah maybe we will survive  
Live and let live tonight  
Take me away oh well  
Oh well

Believe it or not!

And I can't stop thinking about you  
Oh like all the time  
And you keep on coming back right  
Back right in my life  
You don't ever have to be alone

You don't know what you've been missing  
Not a reason or rhyme  
When you cross my mind  
I keep it hidden  
I've been thinking a lot  
I'm connecting the dots

Believe it or not!

And I keep on tripping  
When the world starts slipping away  
There's cracks in the floor  
This house doesn't feel like home anymore  
And I keep on tripping  
Just another loss  
Six feet under in a box  
And I keep on tripping

Small talk  
No one wants to hear the hard truth  
Don't walk  
Where nobody's gonna find you  
You don't ever have to be alone

We're running forward  
And we're never looking back now  
Don't look back  
Don't look back  
No more compass or map  
We'll make it back some how  
I've been smiling through it  
Nothing's set in stone

Finding something true and profound  
Like when rain meets the ground  
Not a ball and a chain  
Nothing should weigh you down  
I will not take this moment for granted

Nothing's set in stone

Think back  
Under pressure never folding  
Do our hearts match?  
Calmer water on the surface  
Watched the time pass  
Red sky morning  
Will I ever get to see you?  
See you  
See you

Believe it or not!

And I keep on tripping  
When the world starts slipping away  
There's cracks in the floor  
This house doesn't feel like home anymore  
And I keep on tripping  
Just another loss  
Six feet under in a box  
Oh my god  
I don't think I can stand it  
Walking away and I'm left empty handed

And I keep on tripping  
When the world starts slipping away  
There's cracks in the floor  
This house doesn't feel like a home anymore  
And I keep on tripping  
Just another loss  
Six feet under in a box  
In the dark all the candles are unlit  
Offered my flame but you still wouldn't take it
