

## QUICK SIP 84

Wolf & Bear

Just hold on a minute  
Two birds with one stone now  
Sipping through my fingertips, fingertips, baby  
When I leave, will it be announced?  
So loud, every voice drowns out  
The room keeps spinning around and around  
As the world starts to blur out  
You have to decide if you're

Taking out your knife  
Just let your heart decide, baby  
Beginning to make me think twice  
Worried for your soul lately  
Taking out your knife  
Let your heart decide  
Don't make me tell you twice  
Fire never burned you  
Never hurt you before

Caught in plain view  
Waiting for a moment to get ahead  
How many days can we play pretend?  
Whatever you say, I can't make amends, please make it end  
I won't start begging to be redeemed  
No hope when I can never come clean  
No lie, never did the right thing  
Misery needs my company

This year has been sedating  
Don't know who I am lately  
I wanna be there for you  
But I don't know how to keep calm  
How should I be keeping in touch?  
My dreams never come close enough  
Wonder why nothing's working  
Idle hands never started searching

Taking out your knife  
Just let your heart decide, baby  
Beginning to make me think twice  
Worried for your soul lately  
Taking out your knife  
Let your heart decide  
Don't make me tell you twice  
Fire never burned you  
Never hurt you before

Gave it up, so abrupt, now things changed  
On the ground, all around, see a blood stain  
Play along, nothings wrong, its the same game  
Still no complaint  
So quick, changing up enough to fool me  
Talking down on your borrowed beauty  
Washed up, now you feel uneasy  
Giving you up but you'll never let go of me

Patiently waiting, the tempo's changing

I'm not the one who's running, I'm not the one, I'm not the one  
Say you never wanna bring me down, never, no way, no how  
I'm not the one who's running, I'm not the one, I'm not the one

Just bought this big ass truck  
No room for the bodies in the Acura  
You better keep it hush  
Cold blood spilling out from an open gut
