

Scorched Shore

Wolf & Bear

When will we be free?
Another wolf, another war, another scorched shore
Backed it up where living isn't easy
We've lost our minds, I'm going fucking crazy
As I know it's nothing bad my tears will point to you
It's always haunting
The mirror's shattered and reflecting all around me

I can feel you in the back of my mind
Heartbeat's pulsing in time
I won't let you give it up, give it up
Can't you see peace from suffering?
You're somewhere in between
So far from everything

You know there's nowhere else left to go
Our eyes don't meet like they used to
Whenever things start to be
In the back of my mind
Did I give enough time?
'Cause I don't know why
I don't know why I try
I don't know why I try
I don't know why I try

When will we be free?
Another wolf, another war, another scorched shore
When will we be free?
Another wolf, another war, another swan song
I have too much to live for
Caught in a haze, dark thoughts seem to take form
Keep holding them in, the truth on your lips
Feeling unsettled within your own skin
Take those parts of me and let go
Filling up the glass, overflow
Contemplating what I push through
Easier to let someone else choose

You will always be the snare that won't let me go
Our eyes don't meet like they used to
Whenever things start to be
In the back of my mind
Did I give enough time?
'Cause I don't know why
I don't know why I try

I could speak my mind six times
Yet still I'm burning
The devils gave me a sentence
So I'll do my time and be fine in the morning
