

You're Dreaming

Wolf Parade

Why're you looking lost
When you're standing right beside me
You were turning off
Open up your eyes you're sleeping

You're dreaming
You're dreaming
You're dreaming

Never mind the time
I'm up all night with the Century Ghosts
They don't have a mind
They would never think of leaving

And we're dreaming
We're dreaming
We're dreaming

All these scenes of shattered glass
All your systems in collapse
On the screen the move so fast it's just like life
But we're dreaming

I got
Metal in my blood
Dancing around to the magnets
What about our love
So hard to start in a violent age
And I don't wanna
I don't wanna live in the place anymore
Everybody cries
Everybody needs some comfort

From dreaming
Dreaming
Dreaming

I want to change my whole life
And forever in the place
Is just a day
Just a day

All these scenes of shattered glass
All your systems in collapse
On the screen the move so fast it's just like life
But we're dreaming

Another scene more shattered glass
Every system in collapse
A billion screens they move so fast but that's not life
You're dreaming
Dreaming

It's in the blood
It's in the blood
It's in the blood
