Blood Angel

Reaching out for imaginary hands Chasing shadows that I call friends I don't know where to turn my head Here I stand at the gallows end Vultures coming to collect the debt I put the noose around my neck We all know that it's not my fault I'm just fullfilling my destiny

Blood Angel - take my life Blood Angel - set me free Blood Angel - here I am Come for me it's the end

All my days I have wasted away Trying so hard to keep up the lies Twisted the truth just to get what I want I've been running from myself all the time I have destroyed everything I loved I don't care everything is dead Now I reached the end of the line And I'm going down

It's my life, I do what I want It's my life, You don't know how I feel

It's my life, I do what I want It's my life, You don't know how I feel It's my life, I don't know what I want
