

Devil in the Flesh

Wolf

Is this utopia, dystopia or just a bad dream?
Am I a nihilist, a Satanist or Jesus Christ?
Born to rule a land of fools

Flesh
The devil in the flesh

This new reality that we endorse is bestiality
We are but animals, just cannibals
Can't get enough to eat
Born to rule a land of fools

Flesh
The devil in the flesh
Flesh
The devil in the flesh
The devil in the flesh

I am a narcissist, an extremist, an iron fist
I am magnificent, you're excrement, I'm President
Born to rule
A king of fools

Flesh
The devil in the flesh
Flesh
The devil in the flesh
The devil in the flesh
Devil in the flesh
