

## Feeding the Machine

Wolf

Trapped inside this hell device  
Like blinded mice running down the maze  
Myriads of cancer cells  
Spreading like the tentacles of hell

Feeding the machine  
Feeding the machine

Hook me up and pin me down  
Stick a needle in each and every vein  
Inject the venom in my brain  
Do it again and again and again and again

I'm feeding the machine  
Keep feeding the machine

Feed the machine  
Feed the machine

Like the snake that bites its tail  
We are rats in the traps that we construct  
Every single bite we take  
Bring us back to the end and here we stay

Feeding the machine  
Feeding the machine  
We're feeding the machine  
Keep feeding the machine

Machine...
