

# Rasputin

Wolf

Into the light I must go  
Out from the darkness I know  
Your eyes have seen through my soul  
And into the future

Oh, Rasputin!  
Rasputin!

I put my blind faith in you  
I do what you tell me to do  
The greater the sin we commit  
The sweeter forgiveness

Oh, Rasputin!  
Rasputin!

Ignorant fools cannot see  
Secrets that you have revealed  
A beacon you are in the dark  
The nation must follow you

Oh, Rasputin!  
Rasputin!
