

Shoot to Kill

Wolf

Lets make it clear: I don't believe in God
And I deny the Holy Ghost
Your bloodstained rituals and crucifix are useless

This chance is everything we got
No afterlife, one single shot
There is no second chance so aim

And shoot to kill
Shoot to kill

Maybe you want to see me crucified
I bring your lies into the light
I live my life the way it pleases me
And the truth shall make me free

This chance is everything we got
No afterlife, one single shot
There is no second chance so aim

And shoot to kill
Shoot to kill
Shoot, shoot to kill
Shoot to kill

Higher, aim higher
Higher, aim high
Higher, aim higher
Higher!

This chance is everything we got
No afterlife, one single shot
There is no second chance so aim

And shoot to kill
Shoot to kill
Shoot, shoot to kill
Shoot to kill
Now kill
