

Spoon Bender

Wolf

Say can you hear him coming 'round the bend
Can you believe him?
Can you believe in him?

Spoon bender
Spoon bender

His gaze can heal you from your sceptic views
His face deceive you
You know you want him to

Spoon bender
Spoon bender

Mesmerize the public eye
And feel the cash flow in your system

Sleeping in a vortex
Falling into deep
Step inside the magic
And put your mind to sleep

Mesmerize the public eye
And feel the cash flow in your system

Spoon bender
Spoon bender

I bend reality
I bend your mind to me
