

Evenfall

Wolfheart

Echo without a repeat
A dialogue with the void
Inescapable defeat
Reign based on self deceit

There is a voice in the air
Call of the cold
With voice of despair
Word straight forward and old
Echoes the curse for aeons been told

Extinction of radiance
Last sunset
Final even fall
Darken the fiery sky
Perfection of darkness
Last sunset
Final even fall
Darken the fiery sky

Conflict without a retreat
To surrender is denied
A battle without a defeat
Rival immortal

Extinction of radiance
Last sunset
Final even fall
Darken the fiery sky
Perfection of darkness
Last sunset
Final even fall
Darken the fiery sky
