

## Hereditary

Wolfheart

Triggering our limbic system  
Instincts guide the way when the reasons fail  
Once creator now sowing destruction  
Pale horse with the Hades in its tail

Kill switch in our DNA  
Awake the wrath  
Built in destroyer  
Reaper on a warpath

World around you is in flames  
And heaven torn asunder  
Hereditary rage  
Veins full of fire  
Veins full of hate

Unable to identify  
See through the abysmal darkness  
Recognize your own reflection  
What have we become

World around you is in flames  
And heaven torn asunder  
Hereditary rage  
Veins full of fire  
Veins full of hate

And heaven torn asunder  
Veins full of fire  
Veins full of hate
