

Freedom Is Mine

Wolfmother

Its time for having fun
We need to follow the sun
I want to go where I can run
No more waiting around
We need to lift the ground
It's time to set ourselves free

Now I find
Freedom is mine
Freedom is mine
Breaking away, leaving today
Freedom is mine

[?] 'bout to be held down
By those who wear the crown
It's time to set ourselves free
It is an uprising
It is an awakening
It's time to set ourselves free

Now I find
Freedom is mine
Freedom is mind
Breaking away, leaving today
Freedom is mine

You can wait till the nighttime
Till you've got to get the cause
If only you could make up your mind
Till you find you're not the only one
Till you find

Freedom is mine
Freedom is mine
Breaking away, leaving today
Freedom is mine

Its time for having fun
We need to follow the sun
I want to go where I can run
No more waiting around
We need to lift the ground
It's time to set ourselves free

Now I find
Freedom is mine
Freedom is mine
Breaking away, leaving today
Freedom is mine
