

# Higher

Wolfmother

I look into her eyes and I'm feeling fire  
But you can't play with her heart's desire  
Never seen the thing that I thought I've seen  
Is this city gonna set me free?

Take me higher  
Take me higher  
Sould've taken me higher

Living in the [?]  
The dream came [?]  
Living [?] of our dreams  
She don't [?]

Take me higher  
Take me higher  
Sould've taken me higher

Take a look at the ordinary people  
From the mountains to the sea  
Take a look at the ordinary people  
Tell me, what do you see?

Take me higher  
Take me higher  
Sould've taken me higher

Take me higher  
Take me higher  
Sould've taken me higher
