

# Radio

Wolfmother

I see you standing by the record machine  
I see your sister is a music queen  
Radio, I'm on the radio

I see you standing by the record machine  
I see your mother wears a pink turpentine  
Radio, I'm on the radio

The radio keeps you warm at night  
You wanna know everything that I do at night

I see you standing by the record machine  
I see your sister is a music queen  
Radio, I'm on the radio

Radio, I'm on the radio  
Radio, I'm on the radio
