Wolfmother

Already
Here we go

I'm gonna upload
My love, all of my love
I sent it to you
I'm gonna upload
My love, all of my love
I sent it to you

Your love is so-so
Baby, that it's hard to give
You keep telling everyone
That it'll be 'cause of me

I'm in deep of your attention
You're the teacher of my detention
It's beyond my comprehension
(I can't hear you)

I'm gonna upload
My love, all of my love
I sent it to you
I'm gonna upload
My love, all of my love
I sent it to you

You love it, baby
Where is life gonna take you?
Well, I'm feeling it ain't no science fiction

Gonna give you all my attention
Was it something I forgot to mention?
Gotta need an education

I'm gonna upload
My love, all of my love
I sent it to you
I'm gonna upload
My love, all of my love
I sent it to you
I'm gonna upload
My love, all of my love
I sent it to you
I'm gonna upload
My love, all of my love
I sent it to you

I'm gonna upload
My love, all of my love
I sent it to you
I'm gonna upload
My love, all of my love
I sent it to you
I'm gonna upload
My love, all of my love
I sent it to you

I'm gonna upload
My love, all of my love
I sent it to you
I sent it to you
