Wolfmother

Slip into another place  
Another time another phase oh yeah  
Everything is turning round  
You look away it's all around oh yeah  
Oh yeah

Take away this other place  
And change it to a slower pace oh yeah  
They got the writing on the wall  
They look into the crystal ball oh yeah  
They see it all

You find yourself up high  
The sky is moving oh so high  
The cosmic dancer is awaiting  
For some peace of mind

The sun was high they wondered why  
They had to try something new oh yeah  
They learned to sing they learned to dance  
They're hoping for a second chance oh yeah  
Oh yeah

You find yourself up high  
The sky is moving oh so high  
The cosmic dancer is awaiting  
For some peace of mind

You find yourself up high  
The sky is moving oh so high  
The cosmic dancer is awaiting  
For some peace of mind

Peace of mind  
Peace of mind  
Peace of mind  
Peace of mind
