

## Winterwald... Mein Reich

Wolfnacht

In this silent scape bright landscape  
Where there's snow and hails forever  
Kingdom of the winterfrost

As the fimbulwinter storm  
So no live night (?)  
Into the forest  
Winterwald... Mein Reich

Into the forest  
Mein Reich

Cruel signs of permafrost  
In the winter torturous (?)  
In the thousand frozen streams  
And shroud my northern front (?)  
Winterwald... Mein Reich

A disdain feeling is fill my thoughts  
As the howl the moon prosper in trance  
In to the forest cold is a blaze  
Winterwald... Mein Reich  
Into the forest... Mein Reich
