

## Fell Out of Heaven

Wolfsbane

Hot and mean and looking for kicks!  
If it's wrong or bad then I gotta have it!  
I'd seen her just around sunset,  
Doggie here's a bone and I'm tellin' you to fetch!  
Fell out of heaven!  
She's walking my way!

Legs do the talking: they talk about love!  
Legs do the walking: they walk into my love!

Five inch heels and a heartbreak dress!  
I'm a victim of her sweet caress!  
We were racing against the night,  
Burning through the dark like a fire-fight.

Fell out of heaven!  
She's walking my way!

Legs do the talking: they talk about love!  
Legs do the walking: they walk into my love!

X-rate that dress, I want to touch,  
I want to play with those legs!  
I don't care what she does,  
If she'll do it with me,  
Then I'll fall in love...

Legs do the talking: they talk about love!  
Legs do the walking: they walk into my love!
