

Moonlight

Wolfsbane

Didn't it seem to good,
Just as everything was as it should be,
What was time, somewhere, some place we had to be,
Mom says you can't go back, you can't turn back the clock,
Isn't it good to be in love,
This room and just the two of us,
One night, the full moon woke us up,
That moon and just the two of us,
We took the moment by the horns,
And the hours seemed to get lost.

Confused by it all,
I sit and wonder,
Bemused and enthralled,
Why are we apart?.
Isn't it good to be in love,
This room and just the two of us,
One night, the full moon woke us up,
That moon and just the two of us,
We took the moment by the horns,
And the hours seemed to get lost.

Confused by it all,
I sit and wonder,
Bemused and enthralled,
Why are we apart?.
