

Whatever makes you happy  
Here in a world of stardust  
You're one in a million chances  
And given a life that will be gone  
Whatever makes you happy  
Bathed in a world of starlight  
You're given a chance so take it  
You're given a life you make it

All of the years I wasted  
All the days I gave away  
Now I'm looking back, I want them back again  
All the living that I didn't do  
All the memories I didn't make  
I look for my father and the meaning now is clean

Whatever makes you happy  
Here in a world of stardust  
You're one in a million chances  
And given a life that will be gone  
Whatever makes you happy  
Bathed in a world of starlight  
You're given a chance so take it  
You're given a life you make it

All of the days I wasted  
The hours that slipped away  
I couldn't see the future I was already living in  
Waiting for the perfect moment  
For something really big to come  
The moments were all there and they are here again

Don't wait for life to happen  
Now, is a perfect moment  
You're life is happening here and  
Now, is a perfect moment

Whatever makes you happy  
Here in a world of stardust  
You're one in a million chances  
And given a life that will be gone  
Whatever makes you happy  
Bathed in a world of starlight  
You're given a chance so take it  
You're given a life you make it  
Whatever makes you happy  
Here in a world of stardust  
You're one in a million chances  
And given a life that will be gone  
Whatever makes you happy  
Bathed in a world of starlight  
You're given a chance so take it  
You're given a life you make it

Whatever makes you happy  
Whatever makes you happy  
Whatever makes you happy

Here in a world of stardust  
Whatever makes you happy  
Whatever makes you happy  
Whatever makes you happy  
Bathed in a world of starlight
