

back to you

Wolftyla

I believe in love again
After the night that we had
Your hands running through my hair
That feeling took me way back
You've been teasing, I've been seeing
You and me all in my dreams
So just tell me, do you feel it
Oo, I can't help it
I'm falling fast

Oh you know
I don't want to be alone
So I'll go where you go
Just don't know why

I keep running back to you (oo)
You (oo), you (oo)
I keep running back to you (oo)
You (oo), oo
I keep running back to you

What am I supposed to do?
If my joy depended on you
You'd come back cause you've never had
Someone secure and know how to do it
I love doing what you want to do
I'm right here with you
Show you something new
Make your dreams come
Come true for you baby
We don't gotta rush it if it's too soon baby
The love I have is pure and I know it's new for you baby
But I'll keep you close to me
I know with time we'll see why

I keep running back to you (oo)
You (oo), you (oo)
I keep running back to you (oo)
You (oo), oo
I keep running back to you

Your love's intoxicating
I feel it through my veins
Only your love
All of your love

I keep running back to you (oo)
You (oo), you (oo)
I keep running back to you (oo)
You (oo), oo
I keep running back to you
