I'm not going back to sleep tonight  
Anytime I see you  
I can't rest unless it's by your side  
I won't even try to close my eyes  
Anywhere I'm not with you  
Is a place where I can't lie  
Okay, okay  
You must think I'm willing to play at your game  
Your game  
But what would you say  
If our love wasn't on the same page?  
Same page
