

Keep You Close

Wolftyla

I know my vibe is gonna drive you crazy
When I push it out the lot in the wraith
I'll hold it down if you tell me you got me baby
Not afraid to go and put it in your face
Don't make have to step up in the club all alone
Snakes all up in the grass so I gotta keep you close
So you never got to stress when you sliding with me
Just give me loyalty, that's the only thing that I need

I make my own money so I don't need that
If I'm gon' cry, cry in the Maybach
My baby gotta match me double C that
You need a freak that's gon' throw it back and ride like that

So you gon' see
We gon' see
Pull up on the scene
So you gon' see
We gon' see
Pull up on the scene
Ooo

I don't ever trip and I don't fold I know you like that
Say they miss the old me better see someone about that
If you moving funny on me, I'mma have to fall back
And I don't hesitate I'm just gon' fall back
Throw them bands
Just to see what she gon' do
Oh she dance
VVS bussin' out the booth
And she slim thick, thick, thick
Liquor got her loose
Tell me who gon' bring her home is it gon' be me or you

I make my own money so I don't need that
If I'm gon' cry, cry in the Maybach
My baby gotta match me double C that
You need a freak that's gon' throw it back and ride like that

So you gon' see
We gon' see
Pull up on the scene
So you gon' see
We gon' see
Pull up on the scene
So you gon' see
We gon' see
Pull up on the scene
So you gon' see
We gon' see
Pull up on the scene
Ooo
