

No Regrets

Wolftyla

Four pages that you wrote
Texting your antidote
I've heard it all before
You can't right your wrongs
In this text, so say less

You booked a flight out to see your ex
So when you touch down
There's no coming back
I've heard it all before
So imma leave you on read
In this text, so say less

No going back, back and forth and forth
Cause when you left right out the door
You took my love, no love to give
Got no more to give
Cause you did what you did

I got no regrets
I got no regrets
I got no regrets
No I got no regrets, no
I got no regrets

Would wish the best for you but I'm the best
You playing checkers, I'm the Queen this chess
I've heard it all before
You can't right your wrongs
In this text, so say less

I'm way too grown to play all these games
Saying you love me and you're trying to change
I've heard it all before
So Imma leave you on read
In this text, so say less

No going back, back and forth and forth
Cause when you left right out the door
You took my love, no love to give
Got no more to give
Cause you did what you did

I got no regrets
I got no regrets
I got no regrets
No I got no regrets, no
I got no regrets
