Wolftyla

Tell me that you love me
Nado mani saranghae
Bogo sipeo baby
There's no one that's like you
Modeun ge gunggeumhae
You got me going crazy
So don't keep me waiting
Are you down down?

Do you
Have desires?
My love will take you higher
Stay up oh
Don't get tired oh
When I'm with you, ooo
You make me feel inspired
With how you move

Being with you makes time slow down
I need you right now
Oh can you feel it?
Kkumeseo dangsineul bwayo

Can you see what you mean to me?
Baby I'm in deep
I can't be nothing but
Good to you

I need all your love
I get lost all in your touch
I can't get enough
It's never too much
Every little thing you do
Got me hypnotized on you
So I don't have to choose
I know it's always you

I know it's always

You you you you you you
You you you you you I know it's always
You
You you you you you
You you you you you

I need all your love
I get lost all in your touch
I can't get enough
It's never too much
Every little thing you do
Got me hypnotized on you
So I don't have to choose
I know it's always you
I know it's always

Tell me that you love me
나도 많이 사랑해
