

Hypnolove

Wondermints

I don't buy faith at the door
Don't handle snakes anymore
I roll my hypnolove to you
I don't need muscular wheels
No Scandinavian reels
I would never shake you up
Wouldn't want to wake ya
I just want to take you down
I want to open wide
I want to step inside
I don't need optical nerve
I don't believe I'm a perv
I roll my hypnolove to you
I would never shake you up
Wouldn't want to wake ya
I just want to take you down
I want to open wide
I want to step inside
I would never shake you up
Wouldn't want to wake ya
I just want to take you down
I want to open wide
I want to step inside
I roll my hypnolove all night
