

Skyman

Wondermints

Skyman, skyman
Where do you come from?
Where are you going to, skyman?
As I was walking down one night,
Me and my darling
I saw in the sky a flashing light,
Me and my darling
As it hovered overhead,
As the sun was turning red,
We heard a voice, and that voice said,
"aaaaaaah!
"children of earth
Be not afraid
For we come in peace."
Skyman, skyman
Where do you come from?
Where are you going to, skyman?
If you are ever out at night,
You and your darling
If you see this flashing light,
You and your darling
Don't be afraid and run away
'cause soon there's going to come a day
When all the world will hear them say,
"aaaaaaah!
"children of earth
Be not afraid
Your dna is pretty."
Skyman, skyman
Where do you come from?
Where are you going to, skyman?
