

# Ain't About You

WONHO

Does it sound cliche to say  
That I just need some space babe  
It's not you, it's me really, uh  
I'm the one that changed, mmm

You're so hard to resist, a love that hurt like this  
I wish it wasn't hell to love you more than you love yourself  
I know you're probably pissed  
To know the world don't circle 'round you now, oh well (Ha, ha)

This ain't about you, this ain't about you  
This ain't about you, ooh, ooh ooh  
This ain't about-  
How you stay out 'till four am?  
How you can't tell me where you've been?  
Go and get that shit out your head, uh  
This ain't about you, ooh-ooh-ooh, ooh, ooh, ooh  
This ain't about-

I see I caught your eye, again  
Your pretty little lies  
Wish I could stroke your big ego  
But sorry not tonight, or ever

You're so hard to resist, a love that hurt like this  
I wish it wasn't hell to love you more than you love yourself  
I know you're probably pissed  
To know the world don't circle 'round you now, oh well

This ain't about you, this ain't about you  
This ain't about you, ooh, ooh ooh  
This ain't about-  
How you stay out 'till four am?  
How you can't tell me where you've been?  
Go and get that shit out your head, uh  
This ain't about you, ooh-ooh-ooh, ooh, ooh, ooh  
This ain't about you  
This ain't about you

Hate to tell you but  
Hate to tell you but  
This ain't about you  
This ain't about you  
Hate to tell you but  
Hate to tell you but  
This ain't about you  
This ain't about you

This ain't about you, this ain't about you  
This ain't about you, ooh, ooh ooh  
This ain't about-  
How you stay out 'till four am?  
How you can't tell me where you've been?  
Go and get that shit out your head, uh  
This ain't about you, ooh-ooh-ooh, ooh, ooh, ooh  
This ain't about you, ooh-ooh-ooh, ooh, ooh, ooh

This ain't about you  
This ain't about you
