

# Lose

WONHO

Lately

Been thinking bout, thinking bout, thinking bout, all of the crazy  
Twenty-four, 24/7 I'm trying to save me  
You going out, going out, going out trying to stain me  
What you playin'?

I'm stuck in the middle of your maze  
But you love to keep the chase, oh why? (Why?)  
Are you standing six feet from my place?  
Only one thing left to say to ya (ya)

Don't wanna talk  
Don't wanna fight  
Don't wanna play  
I can't get over you  
Just wanna watch  
You leave tonight  
It's something I can't do  
'Cause baby in your game of love  
I know I'm gonna lose (Lose)

Hopeless

I'm moving on, moving on, moving on still feeling hopeless  
I'm running my, running my mouth but I'm losing my focus  
I'm going out, going out, going out dreading the morning  
And you keep on calling

I'm stuck in the middle of your maze  
But you love to keep the chase, oh why? (Why?)  
Are you standing six feet from my place?  
Only one thing left to say to ya (ya)

Don't wanna talk  
Don't wanna fight  
Don't wanna play  
I can't get over you  
Just wanna watch  
You leave tonight  
It's something I can't do  
'Cause baby in your game of love  
I know I'm gonna lose (Lose)

Don't wanna fight  
Don't wanna play  
I can't get over you  
Just wanna watch  
You leave tonight  
It's something I can't do  
'Cause baby in your game of love  
I know I'm gonna lose (Lose)

Stuck in the middle of your maze  
But you love to keep the chase, oh why? (Why?)  
Are you standing six feet from my place?  
Only one thing left to say to ya (ya)

Don't wanna talk

Don't wanna fight  
Don't wanna play  
I can't get over you  
Just wanna watch  
You leave tonight  
It's something I can't do  
'Cause baby in your game of love  
I know I'm gonna lose (Lose)

Don't wanna fight  
Don't wanna play  
I can't get over you  
Just wanna watch  
You leave tonight  
It's something I can't do  
'Cause baby in your game of love  
I know I'm gonna lose (Lose)

Don't wanna lose, don't wanna lose, don't wanna lose  
Don't wanna lose, don't wanna lose, don't wanna lose  
Don't wanna lose, don't wanna lose, don't wanna lose  
Don't wanna lose, don't wanna lose
