

Monopoly

Woodie Smalls

Said I jump out the bed
I get straight to money
Don't like the rain
Go to places that's sunny
Switch up my lifestyle
Don't like to wait get it right now
Just know they ain't stylin like this
Got peep my flows my drip
Ain't mixin no shit straight henny
She throwin pussy and I know that she ready
I put my dick in her spine
If she don't love me she lyin
If he gon touch me he dyin
Hating on me yea you cryin
I cannot wait in line
Shit just ain't destined for me
I wear my heart on my sleeve
They put my shit on repeat
Run up a check and I leave
Gotta get back on my feet
Watch how I'm passin ya
My flows they hard like casket uh
Straight like rocket
I'm blastin off
Straight to bank while I laugh it up
I do the shit they imagine
I wear my crown like pageant
Collectin these hoes in a basket
Then I be smoking on broccoli
I get the cash like monopoly
The shit you be sayin don't bother me

Hatin on me
You like wastin your time
I cannot wait in a line
Write up a check worth the rent and I leave
Money it fall like leaf
The money will be where I be

Want to post up in that tesla motor
We in paris now
I'm 22 got cash on me
Can't wait to ice me down
Not rockin with no extra shit
Closet got extra got kicks
I slide threw just like hockey puck
I can't fall in love
I toss her out like who is this
Might boost my confidence
I toast up to my accomplishments
My future bright it gliss
Don't bite my tongue for anyone
Might just get into some
Walk round here like boy you next
All of my boys they like to flex
All of my boys they love them checks
All of my girls they love the feel

They be like boy you keep it real
And he got bars just like a jail
Y'all don't make noise
Just like a snail
Got speak up show how you feel
Cookin up fire just like a meal
You cannot touchdown in my field

Hatin on me
You like wastin your time
I cannot wait in a line
Write up a check worth the rent and I leave
Money it fall like leaf

Hatin on me
You like wastin your time
I cannot wait in a line
Write up a check worth the rent and I leave
Money it fall like leaf
The money will be where I be
