Making me gulp
Yeah yeah yeah yeah

Tastes like ice cream
That sticky feeling of melting
Don't rush, no need to hurry
There's still lots to do

I like your face
Your red lips like cherry
I like your taste
Falling into you

Your tangled hair

I like your taste
You take me to space yeah

Everywhere you go
All eyes on you, hey
But you're used to it
You don't even look at them, you're so hard
