

# Fly

## Worlds Apart

They say that absence makes the heart grow strong  
I need your strength to help me carry on  
I'm getting closer to you day by day  
It won't be long before I'm back to stay

You know how much i need you  
You know how much i care  
There's one thing that you can depend on  
You know I'm thinking of you  
You know that I'll be there  
Some day I know that you'll be mine

We're gonna fly  
Never coming down  
We're gonna fly  
Never touch the ground  
We're gonna fly  
I never wanna hear you say goodbye

Two hearts are holding our unspoken words  
I've got so much to say that must be heard  
With every moment there's price to pay  
I know your heart aches when I'm far away

You know how much i need you  
You know how much i care  
There's one thing that you can depend on  
You know I'm thinking of you  
You know that I'll be there  
Some day I know that you'll be mine

We're gonna fly  
Never coming down  
We're gonna fly  
Never touch the ground  
We're gonna fly  
I never wanna hear you say goodbye

Our loves a journey that will never end  
Can't hide my feelings no I can't pretend  
This time I know that you're the only one  
My road always leads back to you...

We're gonna fly  
Never coming down  
We're gonna fly  
Never touch the ground  
We're gonna fly  
I never wanna hear you say goodbye
