

Double-Feeding

Wormrot

Providing a f**ked up gun
Worthless killings tons of flaws
Elaborate the do's and dont's
Weapon for the killing spree
With a f**ked up shit like this
We will be blown by enemies

During wars. Faulty weapon. Asking for help.
You should be f**king dead by then

Stupid step on recovering your gun
There is no goddamn way
You are f**king done

Double feeding
There goes your f**king life
