

Finally Getting Closer

Wouter Hamel

I can't find a single soul
who'll lead me out of here
I've got to find my own way home
If anything - I'll be along
I can't feel a single thing
could someone see me through?
I've got to find my own way home

just like I'm supposed to
I'm finally getting closer
just like I'm supposed to
I feel I'm getting closer
should have gotten closer to you

I can feel it in my bones
can feel I'm almost there
I've got to find my own way home
if anything - I'll be along
I can't feel a single thing
could someone see me through?
I've got to find my own way home

just like I'm supposed to
I'm finally getting closer
just like I'm supposed to
I feel I'm getting closer to you
closer to you
closer to you to you

I can't find a single soul
who'll lead me out of here
I've got to find my own way home

just like I'm supposed to
I'm finally getting closer
just like I'm supposed to
I feel I'm getting closer to you
closer to you
I feel I'm getting closer to you
to you
closer to you
