find it

Wrabel

Are you looking for love?
Are you looking for god?
Are you looking for hope?
And when you thought you had it
Did you open your hands just to see that you don't?
Are you looking for something
End up with nothing, end of the rope?
Get in the car
I think there's a light at the end of the road

You're gonna find it
You're gonna find it
Just keep your head up and keep on trying
You're gonna find it when you least expect
If you don't, I know it's true
It will find you
It will find you

Is it a job?
Is it a kid?
Are you trying to get sober?
Is it a phone call you wanna make
Cause you need the closure?
Are you looking for someone
End up with no one, end of the night?
Get in the car, at the end of the road
I think there's a light

You're gonna find it
You're gonna find it
Just keep your head up and keep on trying
You're gonna find it when you least expect
If you don't, I know it's true
It will find you (it's gonna find you)
It will find you (it's gonna find you)
It will find you (it's gonna find you)
It will find you

Whoever you are
Whatever it is
You're gonna find it

You're gonna find it
You're gonna find it
Just keep your head up and keep on trying
You're gonna find it when you least expect
If you don't, I know it's true
It will find you
