

## garden

Wrabel

Seeds of gold  
Dug 'em deep into the ground  
Watch them grow  
As the rain is pouring down  
It's beautiful  
How the sun cuts through the clouds  
The more I know  
More I want to find you out  
Show me a garden  
Watering flowers till they bloom  
Wait for the harvest  
I found a garden in you (in you)

Dirty hands  
Holding on to what we've sewn  
All our plans  
Future's never set in stone  
I'm petrified  
How I've seen a good thing go  
How you leave before you know  
How it breaks a heart so slow  
Show me a garden

Watering flowers till they bloom  
Wait for the harvest  
I found a garden in you  
In you

Planting seeds of gold  
Oh I watch them grow  
And it's beautiful, oh it's beautiful

Seeds of gold  
Oh I watch them grow  
And it's beautiful, oh it's beautiful  
Planting

Seeds of gold  
Oh I watch them grow  
And it's beautiful, oh it's beautiful

Seeds of gold  
Oh I watch them grow  
And it's beautiful, oh it's beautiful  
Planting
