

good

Wrabel

I know you got some things that you can't let go
All the voices in your head
And I know you've got the mind of a Virgo
Every thought feels like a threat

And I know that I ain't perfect
But I'll do the best that I can
And I know he hurt you
But I'll be a better man

Baby, let a good thing be good
Don't know why it makes you so sad
I would change it all if I could, oh yeah
Don't you let a good thing go bad

Ooh-ooh-ooh, ooh-ooh-ooh
Ooh-ooh-ooh, ooh-ooh
Ooh-ooh-ooh, ooh-ooh-ooh
Ooh-ooh-ooh, ooh-ooh

You see the end before the thing gets started
You're always bracing for the fall
I know you still see him in your apartment
Let me in, I'll paint the walls

Baby, let a good thing be good
Don't know why it makes you so sad
I would change it all if I could, oh yeah
Don't you let a good thing go bad

Oh, no, no
Don't you let good thing go bad, oh yeah
It's a good thing, yeah
Baby it's a good thing, yeah
Don't you let a good thing go bad

Baby, let a good thing be good
I don't like you feeling this sad
I would change it all if I could, oh yeah
Don't you let a good thing go bad

Oh, no, no, good thing, yeah
It's a good thing, yeah
Baby, it's a good thing, yeah
Don't you let a good thing go bad

Baby, let a good thing be good
Don't you let a good thing go bad
