magic

Wrabel

Better love me with the lights on
'Cause I wanna see what you're doin'
If I didn't see what you're doin'
I don't think I'd believe it, no, no
Swear I knew you in an other life
Love me so good, I had to love you twice
Love me so good, I had to love you twice
Only way to explain it, yeah

I think I'm falling in love with you
I think I'm falling

Like a shooting star in the sky
Swear to God, you open my eyes
You make me believe in love
Oh, you make me believe in magic
You're the proof of things you can't see
And you're giving power to me
You make me believe in love
Oh, you make me believe in magic

In magic, in magic (Ooh-aah)
In magic, in magic (Ooh-aah)

And I bet that you could read my mind
If you did, I wouldn't be surprised
Bet you wouldn't even have to try
You know I would believe it, yeah
'Cause you know me in a different way
And you're showing me a different way
And you take me to a different place
And you bet we're making different shapes

I think I'm falling in love with you
I think I'm falling

Like a shooting star in the sky
Swear to God, you open my eyes
You make me believe in love
Oh, you make me believe in magic
You're the proof of things you can't see
And you're giving power to me
You make me believe in love
Oh, you make me believe in magic

In magic, in magic (Ooh-aah)
In magic, in magic (Ooh-aah)

Make me believe, make me believe
Make me believe in magic, magic
Make me believe, make me believe
Make me believe in magic

Like a shooting star in the sky
Swear to God, you open my eyes
You make me believe in love
Oh, you make me believe in magic

You're the proof of things you can't see
And you're giving power to me
You make me believe in love
Oh, you make me believe in magic

In magic, in magic (Ooh-aah)
In magic, in magic (Ooh-aah)
