

we all could use some help

Wrabel

Woke up this morning, I had tears in my eyes
Feeling the pressure of the world outside
Called my friend, said whatcha doing tonight
Cos we all could use some help

I get the feeling that the mood's gonna change
Walked out the door and it's a beautiful day
Realized it's only me in my way
And we all could use some help

So if you're feeling down

Oh you don't have to do it all by yourself
Cos we all could use some help
Oh you don't have to do it all by yourself
Cos we all could use some help

I've seen the darkness, heard the voice in your head
Those heavy shadows while you're laying in bed
Knocks you down nine but you can get up ten
And we all could use some help

Been there for me, you know I'll be there for you
I'll turn you like a color wheel when you're feeling blue
Nothing can stand up to the power of two
You and me, me and you, we'll make it through

Oh you don't have to do it all by yourself
Cos we all could use some help
No you don't have to do it all by yourself
Cos we all could use some help

And we all could use some help
I said we all could use some help
