

# Basically Numb

Wrekonize

Two, Three, Numb  
Hey  
Feels like a good place to end it  
Yup  
Feels good, Numonics  
I like this one  
Hey (come on)

In this land of milk and honey  
They've both been modified to make me still feel hungry  
I'm feelin' funny like I'm on somethin'  
Like I was inside out but my emotions pressed the wrong buttons  
Trying to spit big, a bit of the Chris Wallace  
But the pressure that's normally systolic  
Is rising like a crisp rocket  
And I ain't gotta wrist watch that'll keep time  
With a sick clock it's  
Now or never  
See tomorrow don't get promised  
Was in the hospital with blood bouncing  
Most of my friends still don't know  
'Cause I ain't take the time to post about it  
When do we find the time to socialize?  
I mean really, like really socialize  
The web is where the social dies  
I miss the days in Hollyhood like kinda, kinda  
Not sure exactly why  
'Cause back then the vibes were really not much kinder  
Sometimes my mind resets where it begun  
As a kid I was sensitive, today I'm grown  
And I feel so numb

This was supposed to be fun  
'Cause we don't ever back down from challengers where I'm from  
Wielding machete, hit the ready, Novocaine on my tongue  
It's awful hard to feel any when you're basically numb  
Come on  
My sins are soulfully young  
'Cause we don't ever grow bitter in the age that I'm from  
Wielding machete, hit the ready, Novocaine on my tongue  
It's awful hard to feel any when you're basically numb  
Come on

In this land of milk and honey  
They both been modified to take my human rights from me  
I'm feelin' funny like I'm on somethin'  
Like I was inside out but my emotions pressed the wrong buttons  
Trying to spit big, a bit of the Chris Wallace  
But the pressure that's normally systolic  
Is rising like a crisp rocket  
And I ain't gotta wrist watch that'll keep time  
With a sick clock it's  
Deja vu  
Yesterday was like like this, honest  
Seen rappers pass me by like freight trains  
Is it my team or is it me that ain't got us playin' the same game  
Truthfully it's probably neither

So I just try to keep my head down, feet on the ground, cooking up these heaters  
But I must often play the peace keeper  
For bitter dinosaurs that swore their time was grimier  
But then got Ether'd  
Sometimes my mind resets where it begun  
As a kid I was sensitive, today I'm grown  
And I feel so numb

This was supposed to be fun  
'Cause we don't ever back down from challengers where I'm from  
Wielding machete, hit the ready, Novocaine on my tongue  
It's awful hard to feel any when you're basically numb  
Come on  
My sins are soulfully young  
'Cause we don't ever grow bitter in the age that I'm from  
Wielding machete, hit the ready, Novocaine on my tongue  
It's awful hard to feel any when you're basically numb  
Come on

Basically numb  
Come on  
Basically numb  
Come on  
Basically numb  
Come on  
It's awful hard to feel any when your basically numb

See now the milk's gone  
Honey dried up  
We better be drinkin' the venom  
To better the letters in my cup  
Wise up  
If you need me I'll be checked in  
Thinkin' on that stocked bar  
What's that room that Wrek's in?  
Anywhere the shots are  
Friends, fam, feelin' far away  
I'm tryin' to bridge gaps  
I know I don't make it easier by where I'm livin' at  
Check up on me once awhile  
I'ma do the same for you  
I know that it's hard to smile especially when the pain is due  
What's a fuckin' life if we don't make sure that we live it right  
You can hear the doubts they shout and keepin' me up in the night  
I'ma shut 'em down for real  
Fuck it, they don't hear me now  
I've been chasin' mass appeal  
But happy with my little crowd  
If you hear me holla like your roof's on fire  
Been tryna make a dolla and keep truth on wire  
But it's so hard to keep it movin', layin' on a stretcher  
So I'ma get to checkin' out and pressin' out the pressure  
(Come on)

(Pressin' out the pressure)  
(Come on)  
It's awful hard to feel any when you're basically numb  
(Come on)
