I've got this feeling in my gut  
But I don't even know just what's causing the pain  
I've got my limps locked up in cuffs  
But I don't even know just what's just wants to play  
I think I feel the rain coming, rain coming  
Rain coming, rain coming down  
I think I feel the rain coming, rain coming  
Rain coming, rain coming down  
Oh-oh-oh-oh
