Always walk up to the counter. You know why? Ok, ok, ok, lemme' tell you, ok. They FUCK YOU at the drive-thru, okay? They FUCK YOU at the drive-thru! They know you're gonna be miles away before you find out you got FUCKED! They know you're not gonna turn around and go back, so they don't care. So who gets fucked? Ol' Leo Getz! Okay, sure! I've been in the middle run around and gots to know
If the bullshit you've been listening to is individual minimal
Or is it lots the blue?
You know me, benny p, I'm an indie star
Moving along like an indie car
But at least I used to motherfucking think we are
This is hometown funk from the bottom of the map now
Sit the motherfucker back down
Play the wall, play the fence, play the background
Cause I've been runnin on silent, know me all violence
Went on tour to spread the name like Midas
Met that whore, she wanna see my Tech N9ne inch... nails
She been spitting all the same old tales
Wanna get me to buy her heels
Take her to Zales, how unreal
I'm like bitch get a life, get a male
Who gon love you and treat you well
But tonight, you came to the right spot
To get the best fucking that you ever did feel
This is just another summer time ale
Another bottle of the JD well
Don't be acting like you never did fail
Never knew jail, or never knew hell
Me and Rittz make it lift like braille
You wanna blaze trails but you're so damn frail
This is eminent for enemies never did we pretend to be
The better, we the best now, hell
