

You were out to defy me
You were outta control
You can only rewind me
You can't get to my soul
You will never define me
You are outta the fold
Can't believe that you tried me
You should already know
I'm not to be fucked with
I'm not to be fucked with
I'm not to be fucked with
I'm not to be fucked with
I'm not to be fucked with
I'm not to be fucked with
I'm not to be fucked with
So be gone with the fuck shit
I'm not to be fucked with
I'm not to be fucked with
I'm not to be fucked with
I'm not to be fucked with
I'm not to be fucked with
I'm not to be fucked with
I'm not to be fucked with
So be gone with the dumb shit

Long hooks long notes
Long dick long strokes
Do you feel me crowd
Attention deficits became the nemesis
Of everything that we been building now
Fake studs from the ceiling down
The building really had appealing sound
Until we found out it was villain ground
I line em up and burn em into clouds
Roll it up Smoke it up
I don't do this very often
That's why I'm coughing
These enemies try to be friends with me
They dream of sending me into my coffin
But I am the battle rapping dumb bitch slappin'
King of every crossing
You thought it was gon' be so easy
But you didn't see me
See you should take caution

You were out to defy me
You were outta control
You can only rewind me
You can't get to my soul
You will never define me
You are outta the fold
Can't believe that you tried me
You should already know
I'm not to be fucked with
I'm not to be fucked with
I'm not to be fucked with
I'm not to be fucked with

I'm not to be fucked with
I'm not to be fucked with
I'm not to be fucked with
So be gone with the fuck shit
I'm not to be fucked with
I'm not to be fucked with
I'm not to be fucked with
I'm not to be fucked with
I'm not to be fucked with
I'm not to be fucked with
I'm not to be fucked with
So be gone with the dumb shit

Long view long fuse wrong move
I can get feel it getting petty now
How many first class assholes
Do we even got on this ship anyhow
It's truly like extra terrestrial
How your just as dumb as a vegetable
I see your IQ isn't stretchable
Not even by portions of decimals
So you actually dumb enough to be running up
Trying to puncture my armor
I think that you've done enough to become a putz
So I'll come to disarm ya
I thought you knew better and smarter
Than to just go and drown in the harbor
So we gathered today just to wish you a safe and productive departure

You were out to defy me
You were outta control
You can only rewind me
You can't get to my soul
You will never define me
You are outta the fold
Can't believe that you tried me
You should already know
I'm not to be fucked with
I'm not to be fucked with
I'm not to be fucked with
I'm not to be fucked with
I'm not to be fucked with
I'm not to be fucked with
I'm not to be fucked with
So be gone with the fuck shit
I'm not to be fucked with
I'm not to be fucked with
I'm not to be fucked with
I'm not to be fucked with
I'm not to be fucked with
I'm not to be fucked with
I'm not to be fucked with
So be gone with the dumb shit
