

# Spring Back Home

Wrekonize

Sunny, yeah  
My blood runs cold man, it's never gon' come  
Sun ran away I'm tryna get it back home  
These days cold but I keep a small fire  
For days when I'm wired and chewin' my tongue  
Sent three letters but you never got one  
Wrote three more kept 'em under my thumb  
Now I'll walk 'til my soul is on fire  
I've gotten so high I've forgot where I'm from  
The world is turning but, leaves are gone  
Friends are burning cause, needs are sprung  
I wanna help 'em but my kids are young  
And I got plenty journeys I have not begun to go

I'm lookin' for the plot in here, yeah  
A stable wheel that I can commandeer, yeah  
So if you see me walkin' right by ya  
Remember I'm trying

Gotta spend a minute  
Don't believe the scripture but I'm talkin' to the spirits  
Man is the devil I don't need to go diggin'  
When the worlds so cold that I can freeze with the fishes  
What the hell is goin' on?  
Can't sleep, can't eat, can't go alone  
Wrote a message in the ice cold snow  
That read "please send help, bring spring back home", yeah

Blood all froze man, it's never gon' come  
Love ran away, I'm tryna get it back from  
Dirty motherfuckas out to get what they wanna  
But never look on ya, to help when you're numb  
I tried more therapy but never helped none  
Kept on runnin' back to talk with that drum  
Leave me to be with this melody please  
And know heavenly be whatever I strum  
The world is fake and now facts are gone  
I'm tryna dance with these shackles on  
I wanna move with you but this is dumb  
And I got plenty steps to take  
I've not begin to go

I'm lookin' for the plot in here, yeah  
A stable wheel that I can commandeer, yeah  
So if you see me walkin' right by ya  
Remember I'm trying

Bring spring back home, yeah

Bring spring back home, yeah  
Bring spring back home, yeah  
Bring spring back home, yeah
