Sunrise waking up to some life  
Bank balance is low but I ain't really stressing funds right  
I'm just trying to have a little fun like  
Soak it in and let my mind develop in all the sun light  
It's natural to want right  
So we just keep it low key everything copacetic  
Called in to my office job  
Cause when I'm there no one gets it  
Blinded by the desk I'm shielded with no windows  
See When they got us there we function on a different tempo  
But it's cool I'll just skip today screw the rules  
They been on me usual casual days are suitable for low attendance  
Thou shall not work that's my amendment  
Well not work yo shitty job for low pay and no pension  
My environment is pristine been this way since sixteen  
Drive and lean like Christine my cities like a big dream  
And I'm just here sipping beers trying to stay conscious  
Avoiding all the gossip and the high school nonsense  
Get in the zone running on a little bit of limits and loans  
Getting up the minute that I'm hearing the phone  
Cause It's a Beautiful day and I'm a let it unfold  
Cool breeze new schemes blue jeans and whole lotta loose teens  
Who fiend to act all grown up when they still just true green  
This is the place that has come to be really my true home  
The city of sun and the humidity comes but It ain't nuttin to be really over-juiced on  
Vibe with me this time has got it's limits and they do run out  
So soak it in and let's begin appreciating what's it bout

What's it like to live in paradise  
80 something man it's nice  
Culture all around ya  
All ya like and you just find it all so typical  
What's it like to see the women walk the night  
9's and 10's the type  
Do everything you can to be polite  
And still you find it all so typical  
Find it all so typical  
Find it all so typical

In a land where the sun came up  
An it never went back down  
And the women we around  
Are the front page rage and they never play background  
Got my Corona and Patron in 2 solo cups  
I've never given any so I guess I probably owe some fucks  
I speed along through this new scheme I'm on  
She said to leave em on  
The nights can be deceiving huh  
We hit the deuce, we hit up tootsies, and the KOD  
Locals are pegged to be celebs  
It feels like fame to me  
And how this came to be  
Is so amazing we

Jus up and played the scene  
Get up and save your dream  
If you ever wanna get up in the middle  
Of an all star vacancy  
This is your chance to live it up  
So come and claim it slick  
Or you could keep up with the dumb shit  
And be called the plaintiff quick  
Your honor I'm guilty cause I wanna  
Stay out with the people on a  
Bender booze and marijuana  
Wanna wander with the champions  
It comes with the worth  
It's Typical to tip the scales  
They call it heaven on earth  
So if you thinking of relocating  
This place is so gracious  
The people fly no need to cry it's all an oasis  
Hop on the bus and hear it every single night  
I tell em where I'm coming from  
And they all asking what's it's like  
They like
